Sir:

In response to the Patent Office Action dated June 4, 2002, please amend the
above-identified application as follows:

IN THE CLAIMS:

Please amend claim 3 as follows:

Sub
C1
B

3. (Amended) A device for supplying electricity to a motor vehicle,
comprising:
a chargeable battery;
a voltage transformer control device having a first end connected to said
chargeable battery;
a capacitor for charging said chargeable battery connected to a second end of
said voltage transformer control device wherein the maximum voltage of said
capacitor has a value which is greater than a maximum voltage of said battery and
